Timestamps Documented
Endpoint IDs (Src/Dst IPs)
Chronological Ordering
Repeated Observations
Attack Labels
Real Traffic Evidence
Temporal Graph Construction
Endpoint-Level Resolution
Chronological Train/Val/Test
Attack-Label Integrity
Dataset Scale & Realism
Yes / High: Fully documented and verified directly
Partial / Mod: Documented with qualifications or requires preprocessing
No / Low: Not supported, omitted, or unverified in standard format
Not verified: Authoritative documentation absent or unverified
